

## **SUN TEP sponsor of San Marino Pavilion at Expo Dubai 2020**

Suntep, a company specialized in optimization of energy consumption located in Dogana San Marino, officially became a sponsor of San Marino Pavilion. The agreement has been subscribed by the CEO of Suntep **Luca Crippa** and the Commissioner General for Expo **Mauro Maiani**.

Suntep is a medium-sized enterprise which joined San Marino Innovation Hub in August 2018. Its mission is to provide a detailed analysis of the energy consumption of their devices and infrastructures, suggesting how to make your business sustainable.

Smart home and smart city are key concepts for this company which appears on the market with reliable and stable technology, ready for a sustainable future.

Suntep develops software translatable into computer codes, to better manage the energy consumption of the hardware, for a wide range of electronic devices.

"Expo Dubai represents for Suntep an important showcase" – says Luca Crippa about the partnership with San Marino pavilion – "Our customers are mostly based in South-East Asia. For the future we aim to reach other markets such as the European one and the United States market. Through Expo we hope to make our reality known to a wider audience that is willing to reach a smart and sustainable consumption".

General Commissioner Mauro Maiani about the agreement affirms "I am glad to welcome to our sponsors, a company that is committed to saving energy and oriented to a green future. Expo Dubai and the Opportunity District where San Marino pavilion is located, will be a platform for amazing and important exchanges between the most important responsible for environmental and social sustainable development.

It represents a great opportunity for raising public awareness on this important theme".
